

## MEXICAN RAIDERS KILL U.S. TROOPER

### BANDITS LOOT AND FIRE STORE AND ESCAPE ACROSS RIVER

**Retreat is Made Under Protective Fire of Several Hundred Troops, Some of Them Described as Carranzista Soldiers—U.S. Officer is Wounded—At Least Four Mexicans Are Killed During Skirmish.**

BROWNSVILLE, Texas, Sept. 24.—An American soldier was killed and an officer was wounded today in a fight with 78 Mexican raiders who looted and fired a store at Progreso and escaped across the Rio Grande under the protective fire of several hundred troops, some of them described as Carranzista soldiers by American army officers, according to the report made to Washington today by Brigadier General Funston.

Two thousand shots were fired, it is said, from the Mexican side of the river while the raiders were escaping from the pursuit of United States cavalrymen.

Private Stubblefield is killed. During the running fight four American cavalry horses were shot under their riders. Private Henry W. Stubblefield of Big Stone Gap, Va., was killed and Captain Anderson was wounded at Progreso in driving the Mexicans from the Texan town.

At least four Mexicans were killed during the skirmish, which was the liveliest staged on the border for some time. Reinforcements were rushed to the place on Rio Grande where shots were exchanged with several hundred armed men on the Mexican side. Investigation is under way to determine just what body of armed men covered the retreat of the raiders from pursuit by American soldiers.

Tonight three detachments of troops B and C, of the twelfth cavalry are stationed in the vicinity of the fight. The Mexican band first attacked and looted the store of Florencio Saenz at Progreso at daybreak. While these operations were in progress a detachment of troop C, twelfth cavalry, numbering twelve men came to Progreso from the bank of the river where they spent the night. Private Stubblefield stepped on the porch of the store. As he did so, two shots were fired from the interior of the building, both striking Stubblefield in the body killing him instantly. The soldiers were not aware of the presence of the Mexicans.

Leave Loot Behind. The Mexicans immediately fled from the place, leaving their loot behind. They turned toward the river with the cavalrymen in pursuit, both sides keeping up a steady fire.

Hilda county authorities including rangers and civil officers hurried to Progreso from nearby towns and at noon called on Sheriff W. T. Vann at Brownsville for assistance. A search at once was begun for the Mexicans.

The Mexicans before leaving the Saenz store building at Progreso set it afire and American soldiers extinguished the flames. They discovered an exploded dynamite bomb in the building.

War Department Receives Report. WASHINGTON, Sept. 23.—Details of a fight between United States cavalrymen and Mexican raiders at Progreso, Texas, in which an American trooper was killed and the captain commanding wounded, were given in a report from Major Anderson at Mercedes, forwarded to the war department tonight by Major General Funston. After looting the Progreso postoffice and storehouse and burning it, the raiders escaped across the Rio Grande under cover of rifle fire from several hundred Mexicans on the south side of the river. The report was telegraphed to Secretary Garrison at Seabright, N. J., by Assistant Secretary Breckenridge.

An earlier report from General Funston quoting Colonel Ballard Harlingen said that officers described the Mexican raiders as Carranzista soldiers. Earlier reports only said that some of the Mexicans were uniformed but the territory across the river from Progreso is completely under Carranza control.

Regard Incident as Serious. Department officials would not comment in the absence of the secretary, but it was apparent that the incident was regarded as one of the most serious of the many disturbances along the border. No new orders have been given General Funston. He is in full charge of the border situation and is authorized to deal with emergencies as may be necessary. Repetition of such affairs as that of today may be followed by American troops crossing the border to deal with escaping raiders and their accomplices. The matter will be laid before the state department tomorrow in order that representations may be made to General Carranza whose troops occupy the

territory opposite Progreso.

Set Fire to Store. Following is Major Anderson's report.

"Party of about eighty Mexicans attacked store house at Progreso, postoffice at about daybreak today, broke into store, looted the place and set fire to it. A detachment of troops B and C, twelfth cavalry, numbering about 12 men, were fired upon as they approached the store. The fire was returned.

"Private Henry Stubblefield, troop B, twelfth cavalry, was shot twice in the body and was killed. Reinforcements closed in from all sides. Four officers and about sixty of our men participated in the fight. The firing kept up about two hours.

"Captain A. V. P. Anderson, who was in command, received flesh wound in arm, but is not considered serious. Two horses were killed and one wounded.

Some Mexicans in Uniform. "The Mexicans were pursued in brush to the river. Several hundred Mexicans on other side of river kept up a heavy fire to cover crossing of Mexicans. A large part, if not all, have recrossed. The Mexicans fired some two thousand shots and our men about 1,000. Two Mexicans were reported shot in boat crossing river. Several were shot on other side of river. Some of the Mexicans were in uniform and some in civilian clothes. A captain reported in full uniform. Sufficient troops here to handle situation."

Brownsville, Texas, Sept. 24.—Army officers, it was learned today, are seriously concerned to know the identity of persons instigating attacks upon American soldiers whether they are simply bandits or whether there are lawless elements among Americans themselves. Investigation has been under way for some time of the actions of a few Americans suspected of causing trouble in the immediate vicinity of the Rio Grande. No American is believed to have attacked soldiers directly, the investigation covering suspected smuggling plots and reports that the general exodus of Mexicans is furnishing a field for rich profits for persons desiring to buy cheaply the livestock or other property of these refugees.

In addition to bargains which are being obtained openly it has been reported that some lawless elements are interested in stirring up further trouble in order to cause the Mexicans to let loose of property more freely.

These include not only Americans but Mexicans on the other side of the river. Reliable reports have been received that some Mexican military men in Matamoros have received revenues in the form of illegal taxes upon smuggled livestock. The constant army patrol tends to interfere with smuggling.

Governor James E. Ferguson of Texas, has taken a hand in co-operating with the army by warning civil officials that martial law under the United States army may be the result of continued reports of lawlessness in civil administration. None of the responsible officials of this section have been under suspicion but a few minor officials have been closely watched for some time.

Gives Second Report of Fight. San Antonio, Texas, Sept. 24.—A second report on the fighting at Progreso was given out here tonight by Major General Frederick Funston. The report is from Major Edward Anderson of the twelfth cavalry who late today sent details of the trouble. The report made at 10:30 o'clock tonight is as follows:

"Your telegram telephoned to me from Harlingen. Some of the Mexicans were khaki colored uniforms but could not say whether they were Carranzista soldiers. Others in civilian clothing. One man stated the Mexicans were killed while in boats crossing river and several were killed on opposite bank. They had a large force occupying opposite bank of river some of them loaded about eighty yards of entrenchments recently constructed. These men kept up a heavy fire to cover the crossing of the other bandits. Firing was mainly concealed behind brush and entrenchments.

"The number and to what faction they belonged is not known."

The report then detailed again the known casualties, the killing of Private Stubblefield and the wounding of Captain Anderson. It was added that Private Johnson of Troop B has been missing since the fight and that a search was being made for him.

## SIX SPRINGFIELD CHILDREN WIN PRIZE

ALL ARE CHILDREN OF MRS. EMMA ANDERSON—UNDER 14 YEARS

Family Is Presented With a Silver Cup—Some Officials Believe Babies Contest at Fair Offset Damage Done by Lack of Display of Livestock.

Springfield, Ind., Sept. 24.—The six children of Mrs. Emma Anderson of Springfield, all of whom are under fourteen years of age, won the final contest of the better babies' contest at the Illinois State fair here today. All the children were graded above ninety per cent of perfect. The family was presented with a silver cup.

I believe that the day has arrived when Illinois babies are to receive as much attention as pigs," Dr. John Dill Robertson, commissioner of health of Chicago and Superintendent of the department of education, state board of health, said tonight in discussing the successful outcome of the first better babies' contest conducted by the state fair. "On account of the foot and mouth disease in Illinois there were not cattle, sheep or pigs at the state fair; consequently the human child was afforded an opportunity usually reserved for pigs and other fat stock."

The fair closes tomorrow and some officials have expressed the opinion that the 300 babies entered in the contest created sufficient interest to offset the damaging effect of the decision of the state board of agriculture not to permit the display of ruminants at the fair.

"It is estimated that over 100,000 people witnessed the tests made on babies by the specialists who acted as judges," said Dr. Robertson.

## FORMER DETECTIVE SERGEANT EGAN IS FOUND DEAD IN BED

Had Never Fully Recovered from Wound Received in Spectacular Pistol Fight in South Water Street.

Chicago, Sept. 24.—Former detective sergeant William J. Egan, recently convicted of bribery in connection with the clairvoyant cases, and who on Wednesday was dropped from the police force, died at his home today. The long strain under which Egan had labored is said to have impaired his health.

Egan was found dead in bed by a daughter. Heart failure was the immediate cause. Egan never fully recovered from a wound received several months ago when he and two other detectives engaged in a spectacular pistol fight in South Water street with Barney Bertische, who later became the chief witness against the defendants in the clairvoyant case. Egan was out on bail.

## NAVAL BOARD CONDEMNS OLD 'RECEIVING SHIP FRANKLIN'

NORFOLK, Va., Sept. 24.—The old receiving ship Franklin, which has been in the service of the United States for a century, has been condemned by a naval board of survey and will probably be sold for junk.

The Franklin, formerly used as quarters for about one thousand men, began to leak several weeks ago. The men were forced to leave the ship and seek quarters elsewhere. The Franklin was placed in dry dock and a board of naval officers condemned the ship.

## ORGANIZE CENTRAL STATES TENT AND AWNING MAKERS ASSOCIATION

CINCINNATI, Ohio, Sept. 24.—A new association to be known as the Central States Tent and Awning Manufacturers' association was organized at a meeting of the Ohio association here today. In the new organization will be representatives from Ohio, Indiana, Kentucky, Tennessee, West Virginia, Illinois and Michigan.

The organization was carried on according to members, in order to assert their rights with the various mills said to have raised the prices on material.

## ILLINOIS DIVISION OF GERMAN AMERICAN ALLIANCE MEETS TODAY

PERU, Ill., Sept. 24.—The annual convention of the Illinois Division of the German Alliance will convene here tomorrow. Delegates representing practically every German society in the state will be present. Leaders tonight said that the main business before the convention would be to vote on resolutions demanding a special session of congress to provide legislation to prohibit the exportation of munitions of war to any of the belligerents in the European conflict and to map out plans for the withdrawal of deposits from Illinois banks subscribing to the proposed billion dollar loan to the allies.

Peoria and Chicago will contest for the 1916 convention.

## PREDICTS BUMPER APPLE CROP.

Bloomington, Ill., Sept. 24.—A. M. Augustine, of Normal, secretary of the state horticultural society, estimates that there will be five times as many apples grown in Illinois this year as there were last year. Prices are reported very unsatisfactory to growers.

## GREECE MOBILIZES ARMY AND NAVY

Bulgaria's Action Brings Last Remaining Balkan State Under Arms

## TEUTONS WITHDRAW LINE

Russ Gain Successes in Galicia, But Are Still Falling Back in the Center

## HINDENBURG MAKES GAIN

LONDON, Sept. 24.—As "a measure of elementary prudence," Greece has ordered the mobilization of her naval and military forces. Thus the action of Bulgaria in making military preparations has brought the last remaining Balkan state under arms, Dr. Roumania, while not fully mobilized, for some time has had her troops ready for an emergency. What plans Bulgaria really has in mind and what Greece and Roumania will do when these plans mature are still matters for speculation. One thing seems clear, however, Bulgaria and Turkey, for so many years sworn enemies, have composed their differences. The successes which the Russian general, Ivanoff has been having in Galicia and Volhynia, it is considered in military circles here, may still have an influence in more than one way in the Balkans.

## GERMANS WITHDRAW LINE

General Ivanoff has been so successful that the German field marshal, Von Mackensen, who is fighting north of the Pripiet marshes eastward of Brest-Litovsk, has, according to the German official report, been compelled to withdraw his line somewhat, as it was in danger of being encircled, while the Austrians have been driven back across the Styria, and, according to one account have evacuated the fortress of Lutsk in the Volhynian triangle of fortresses, which they charged with success.

In the center the Russians are still falling back, while in the north Field Marshal Von Hindenburg continues to make progress with his offensive against Dvinsk although at a much slower rate than formerly as the Russians are stiffening their resistance. East of Vilna the Germans admit a temporary check, during which they lost guns to the Russians.

Artillery Struggle Continues. There has been a continuation of the furious artillery struggle in the west, according to the Berlin official report a British attack south of the LaBasse canal broke down under the German fire.

After a fortnight of comparative inactivity during which they sunk only five British merchant ships, German submarines again are on the move off the Irish coast. Since Tuesday they have sent five British steamers to the bottom.

## NEGRO BOY IS HANGED FOR ASSAULTING WHITE GIRL

JACKSON, Ga., Sept. 24.—Joe Persons, a negro boy not more than 14 years old was hanged here today for assaulting an 8 year old white girl. To the half hundred persons around the scaffold the boy admitted he committed the crime and stoically announced he was ready to die.

Although he weighed only 75 pounds, his neck was broken by the fall. Officers did not attach weights to Persons, as had been suggested to them as possibly necessary to successfully execute him.

## FRENCH ARMY BUYS ALLAN-DA LIN TEAM OF ALASKAN RACING DOGS

NOME, Alaska, Sept. 24.—The Allan-Darling team of racing dogs, winners of the famous 412 mile All-Alaska sledge race, was sold to Lieutenant Haas of the French army, who will take the dogs to France for use in Alpine service. A. A. (Scotty) Allan, the noted racing dog driver will accompany the dogs to France. Lieutenant Haas bought all the dogs and equipment owned by Allan and Mrs. Charles E. Darling of Berkeley, Cal. The French officer also bought the pick of their dogs in this camp. Altogether a total of 120 dogs and several sleighs were taken for French army service.

## TO BURY F-4 VICTIMS TUESDAY.

Washington, Sept. 24.—Fourteen unidentified victims of the submarine F-4 will be buried at Arlington National cemetery Tuesday, September 28th, with full military honors. The bodies will reach here from San Francisco Sunday. Secretary Daniels, Assistant Secretary Roosevelt and many high officers of the navy will attend the funeral. Troops from Fort Meyers and bluejackets from ships stationed here will form the escort.

## SINK BRITISH FREIGHTER.

London, Sept. 24.—The British freighter steamer Urbino from New York Sept. 12th, for Hull has been sunk. The crew was saved.

## TELLS OF BUYING VOTES FOR "PRICE OF DRINK"

EDWARD J. O'LEARY TESTIFIES IN TRIAL OF MAYOR BELL

Witness Is Brought Into Court Room in a Wheel Chair—Testifies Kissel Told Him on Election Day to "Go After Them, You Know How to Get Them."

Indianapolis, Ind., Sept. 24.—Witnesses were bought for ten cents, "the price of a drink," in the election of November, 1914, according to Edward J. "Big Chief" O'Leary, who testified today in the trial of Mayor Joseph E. Bell, charged with election conspiracy. About 100 saucers keeps testified during the day that they had contributed to the Democratic campaign fund in sums ranging from \$5 to \$75. The total was almost \$1,500. City employees, most of whom were indicted with Mayor Bell, were named as the collectors of this fund.

O'Leary, who has pleaded guilty in the case, was brought into the court room in a wheel chair. He said he had been in a hospital for some time with a fractured hip. The witness told of a conversation he asserted he had with Mayor Bell, during which the mayor told him to do "as you have always done."

"What had you always done at elections?" Prosecutor A. J. Rucker asked.

"I told the mayor I had voted repeaters," replied the witness.

"He said he had bought 15 voters and that he had given eight of the price of a drink—ten cents," he said he had bought supporters for three others. William Kissel, a co-defendant who holds a city contract, gave him \$10 on election day, O'Leary testified, and told him "go after them, you know how to get them."

## WAY IS CLEARED FOR RELEASE OF AMERICAN OWNED GOODS

England Ready to Receive Applications for Permits to Ship Goods Held Up at Neutral Ports.

Washington, Sept. 24.—The way was cleared today for the release of American-owned goods of German and Austrian origin now held up at neutral ports of Europe by the British order-in-council. The British embassy notified the state department that it was prepared to receive applications for permits to export such goods in cases where American importers had either paid for them or rendered themselves liable for purchase price before March 1st, 1915.

Vigorous informal representations have been made by the state department in its efforts to secure an agreement for the release of this merchandise worth about \$167,000,000.

While the British authorities on June 15th, declined to receive official representations by the trade advisers regarding the shipments, information from time to time reached the state department that private interests in London were securing permits releasing goods from Rotterdam.

Sir Richard Crawford commercial attaché of the British embassy today notified foreign trade adviser, J. B. Fleming, that arrangements for the release of goods through the trade advisers at last had been completed.

## TESTIFY THAT REFINING COMPANY SOLD TWENTY-TWO USELESS MILLS

NEW YORK, Sept. 24.—Testimony that the Corn Products Refining company sold twenty-two useless mills after it had absorbed them was given today in the hearing here of the government's suit to dissolve the corporation as an alleged monopoly under the Sherman law. This was brought out while Frederick T. Fisher, secretary and treasurer of the company was on the stand.

Secretary Fisher also said he examined many of the plants taken in by the corporation and said that some were turned over without being given any depreciation value. He said that he found that many of the buildings deteriorated rapidly and became worthless. He told of the sale of various used plants at a price below their valuation. These plants were in various parts of the east and middle-west. Some had not been operated for ten years before their sale between 1906 and 1911.

## EXPRESSES GRATITUDE TO AMERICAN RED CROSS.

Washington, Sept. 24.—The Austria-Hungary embassy today made public a wireless despatch from Vienna stating that the departure of the American Red Cross contingent about to leave for Serbia was the occasion of special ceremonies under the auspices of the Austrian red cross. The message signed by foreign minister Von Burian said the Austro-Hungarian government expressed its gratitude to the Americans for their work in the hospitals at Vienna and Budapest.

## DEMANDS STATEMENTS OF ATTITUDE TOWARD LOAN

New York, Sept. 24.—The German Savings Bank of this city holding \$9,754,489 belonging to 15,535 depositors, announced today that it had sent a demand to all banks and trust companies in which it keeps funds for a statement as to their attitude toward the proposed Anglo-French loan.

## ROCKEFELLER VISITS PUEBLO STEEL PLANT

BARELY TAKES TIME FOR LUNCHEON AFTER LONG MOTOR TRIP

Shakes Hands With Workmen and Asks a Stream of Questions of Company Officials Who Pilot Him—Goes Through Company's Big Hospital.

Pueblo, Colo., Sept. 24.—John D. Rockefeller, Jr., with collar wilted from perspiration and with his dusty coat slung over his arm today plodded and dodged his way through the big steel plant of the Colorado Fuel & Iron company. After a fifty three mile motor trip from Walsenburg, the mine owner barely took time for luncheon at the home of E. H. Weitzel, manager of the corporation's fuel department, then plunged into the steel plant, his weary staff of company officers and newspaper correspondents at his heels. In the rooms where half-naked workers are protected from the heat by blasts of cool air, into the rail mill where cataraacts of sparks mark the course of the saw through the red hot steel; beside the track where steam and electric trams threaten the unwary visitors, through the dirtiest and most dangerous portions of the plant Rockefeller made his way, shaking hands with the workmen and asking a stream of questions of the company officials who piloted him. The trip was not without peril but the inspection was made without mishap, save for a plentiful accumulation of dust and grease.

"What I want to know," remarked Rockefeller as he emerged from the last building, "is who's going to pay for new suits all around for this crowd?"

Mr. Rockefeller was guided through the plant by J. B. McKenna, general manager of the company, and F. E. Parks, manager of the steel department. He showed a keen interest in the processes of melting iron from the ore and converting it into steel rails, wire and other output of the mills.

After inspecting the steel plant Rockefeller went through the company's big hospital convalesced by Dr. R. W. Corwin, the white bearded chief surgeon.

Tonight the Rockefeller party were dinner guests of Mr. McKenna, then spent the night at Dr. Corwin's house.

## EFFORTS TO SECURE CLEMENCY FOR GENERAL BLANCO FAIL

Message from Obregon States Blanco Will Be Tried By Military Authorities.

El Paso, Sept. 24.—Efforts to secure clemency for General Alvaro Obregon for General Lucio Blanco, arrested recently with General Gutierrez at Saltillo on an unstated charge, have failed according to a message received today. It is believed Blanco and Eulalio Gutierrez were acting as representatives of Gutierrez faction to General Obregon in presenting a self-instituted peace plan for Mexico.

The message from Obregon as given out by the Carranza consulate is dated "headquarters" thus avoiding publicity of his whereabouts, and follows:

"General Lucio Blanco will be tried by the military authorities which are the only ones entitled to judge his case. Therefore I regret that I cannot take any step in the way you suggest."

## AMATEUR RACE DRIVER DASHES OVER EMBANKMENT TO DEATH

CEDAR FALLS, Iowa, Sept. 24.—Ten thousand persons attending the motor races at the county fair here today saw Roy Canfield, an amateur race driver, dash over a fifteen foot embankment to his death on the twenty-eighth lap of a fifteen mile auto race. The accident was a result of a blowout as Canfield was taking a turn entering the home stretch. Canfield was 26 years old and unmarried. He was employed as a mechanic for a local taxi company.

TWO DIE IN AUTO ACCIDENT. Decatur, Ill., Sept. 24.—Mr. and Mrs. W. H. Wilking were killed and daughter Edna, aged 23, seriously injured when their automobile was struck by a Wabash passenger train at grade crossing on the west side at six o'clock tonight.

## LOAN MAY BE LESS THAN HALF BILLION

One Banker States Investor Will Receive More Than Five Per Cent

## SEEK OFFICIAL APPROVAL

Report States Commission Has Asked Approval of Tentative Program By London and Paris

## COMMISSION RESHAPES PLANS

NEW YORK, Sept. 24.—Negotiations over the proposed credit to Great Britain and France continued today without noteworthy development but to the accompaniment of many reports relating to matters said to be under consideration.

## Talk of Loan Being Smaller

For the first time since the Anglo-French financial commission reached New York a fortnight ago, there was talk today that the loan might not be so much as a half billion dollars. It seemed definitely established that it would not exceed this sum. Authoritatively it was said that this was the amount on which negotiations at present were based, but there prevailed in some quarters the belief that a half billion dollars represented the hopes rather than the actual assurances of the commission and its American advisers. The loan will not be more than half a billion dollars and will net the investor more than five per cent, said one banker who has seen the commission almost daily. His assertion was interpreted as meaning that the five year notes to be issued by Great Britain and France would bear interest at five per cent and would be offered to the public below par. So far, members of the commission, it was reported, have refused to entertain the proposal that the interest rate be greater than five per cent, only by being purchased at less than par could the notes be made to yield more than this.

## To Be Held Largely By Banks.

"This loan will not be a popular loan in the sense that it will be widely distributed among investors," another banker said, "but it will be held very largely by the banks of the country. I should think it would be possible to float a loan of half a billion dollars but I do not think that a larger loan can be floated."

A report was current that negotiations had developed to the point where the commission had sought official approval of the tentative program by Paris and London. This was neither verified nor denied on behalf of the commission whose members refused to discuss the point. The commission has been in cable communication frequently with the government authorities at both capitals, however, and it is generally believed that the contract can be closed the British and French parliaments must ratify the commission's work.

## Await Government Approval.

One banker was authority for the statement that the commission was awaiting government approval before proceeding further with negotiations. Both parties to the negotiations it was said, had taken into account this phase of the matter at the beginning of the commission's work here.

Bankers in a position to know said today that Great Britain does not at the present time owe a penny for goods purchased in this country but, on the contrary, has made several large advance payments on certain contracts. More than \$300,000,000 shipped here recently in gold and securities, it was said, had squared the account.

France, this banker said, owes a small bill here, "as international bills go."

## Commission Reshapes Plans.

Twenty millions of dollars would balance the books with her, he thought. Having been told plainly by American financiers that the maximum would be a half billion dollars the commission reshaped its plans somewhat and continued negotiations today along the newly outlined routes. So interlaced are the details concerning the loan that one feature, it was said, could not be considered settled unless the entire program were disposed of. It was thought doubtful tonight if a full agreement would be reached earlier than a week hence. Nevertheless it was said that negotiations were progressing favorably.

Members of so-called pro-German banking houses of New York conferred today with the commission and are believed to have signified that they would subscribe to the loan.

The women of Minnesota evidently believe in giving men a chance. At a recent meeting of the state federation of women's clubs held at Duluth, the most important action of the closing session was to strike out the word "women's" in the title. The purpose of this action was to open the club membership to men, who are now to be given the opportunity for taking part in club affairs, and incidentally widening and bettering their views. And since the claim is soundly based that the advent of women into politics will have a purifying effect, why shouldn't the men be given a chance of more rapid advancement by participation in the club movement.

### A Methodist's Tribute to a Priest.

Since the death of Father Phelan of St. Louis, so many years editor of the Western Watchman, a well known Catholic paper, many tributes have been paid to his life and work. Father Phelan was so sincere and broadminded in his work that he won the admiration of both Protestants and Catholics. It is a noteworthy fact that Rev. James W. Lee, Episcopal church South, in the St. Louis district, said of the dead priest "Every particle of his force was used up in the service of his Master and his church. He was the kind of human material God uses up in the making of leaders and heroes and martyrs." This same well known Methodist clergyman declared also that Father Phelan's life stands out so completely that no one who read the Western Watchman, which he edited for more than fifty years, or attended the church of Our Lady of Mt. Carmel where he preached for more than forty years, could fail to get an idea of his height and breadth and depth.

### Foreign Language Editors Disagree.

Mr. Bryan announced recently that he would probably not decide until about the first of November about his proposed peace mission to Europe. Some days ago at a conference held with the editors of foreign language newspapers in Washington, Dr. William Fargo of Brooklyn, in behalf of the editors urged Mr. Bryan to make a trip to Europe in the endeavor to present arguments that might lead to the early termination of the war. Now comes a statement issued by the president of the American Association of foreign language newspapers stating that Dr. Fargo did not act for the association and that the organization does not desire Mr. Bryan to undertake the mission on their behalf. Incidentally the president of the association assured President Wilson that they were united in support of him and did not want to lend influence to any movement which might in any way embarrass his administration. Judging from the two reports, the association of foreign language newspapers must have editors with divided leanings, some of them sympathizing with the allies and some with the Teutonic forces.

### Protect New Pavements.

The question of making railroad connections whereby coal for the state institutions and the local light plant can be delivered without haulage over the streets is one for immediate consideration. The heavy hauling over the paved streets necessitated by the fact that none of the institutions have railroad connections has been in large measure the cause of the paving deteriorating so rapidly. Mr. Miser sometime since worked out a plan whereby arrangements could be made without excessive cost, for such hauling of this coal. The plan would necessitate a connection between the traction company line and the railroads and also switches to the several institutions, as well as to the light company's new plant.

Whatever steps are necessary to bring this arrangement to pass should be taken soon while new paving work is being done. The construction work can be accomplished at this time with less cost than at any other and the property owners will look with even more favor upon the proposed improvements if they realize that these steps are being taken which will add to the life of the pavements that are to be laid. The plan would result in some revenue for the local railway company, would cut down the cost of coal to the state and would save the street paving from rapid deterioration.

### Sherman Draws Strength.

Papers are paying more and more attention to the candidacy of Senator L. Y. Sherman for the presidential nomination. It is said that his candidacy is receiving more favorable notice in the eastern states than even the most enthusiastic of his admirers in Illinois anticipated. This senator's course in the upper house has been such as to impress a great many people in the east with his sound judgment on important policies and they seemingly have the belief that the time is propitious for choosing a candidate not resident in the east. The opposition to Sherman some weeks ago in Illinois because of the possible candidacy of

Congressman James R. Mann has entirely disappeared and the Mann supporters have practically acknowledged that for any measure of success that Illinois must present an undivided front in favor of some one candidate and that Sherman is the logical man. Incidentally it is understood that Mr. Mann's friends believe not only that Senator Sherman has an excellent chance, but they believe further that with Sherman successful, or even with some other candidate nominated, that Congressman Mann's chances for being chosen speaker of the house would be excellent indeed.

### Judging Police Efficiency.

The Chicago Tribune points out that the efficiency of a police force is proved by the number of arrests. It is shown from statistics in that city that a comparatively small number of the persons arrested are finally convicted which leads to the statement that the greatest care should be used not to arrest an innocent person. There is no denying that many a youth is started on a career of crime because he has been suspected of some offense he did not commit. He is arrested and locked up with hardened criminals pending his trial.

Too often the number of arrests made by officials taken as the standard of efficiency whereas the Tribune points out the most important duty is the prevention of crime.

Thomas Mott Osborne, warden of Sing Sing is doing a great work for the betterment of prison life and incidentally for the reform of criminals. He gave up his millionaire's life of ease to test the theories he has for prison uplift work, based on his own experiences. Osborne is a wealthy idealist who for years has given his time to unofficial public service. Since he became warden, he has encountered political machines, an army of perverted criminals and not a few leeches upon them at Sing Sing. Charges were brought against him, but Governor Whitman has refused to heed his enemies. His is not an enviable job, but even if he should fail, he has done a great work in awakening the public conscience for the regeneration of prison administration.

### RELIGION COMING BACK.

From the Philadelphia Bulletin. New York seems somewhat staggered by the discovery that it is getting religion. A count shows that the congregations of the churches are 25 per cent above the normal summer average, while the Fifth avenue churches, the various tent meetings and the noonday services in Madison Square show even larger figures. And New York only had a glimpse of Billy Sunday and an uncertain sort of hope of really getting him some years hence.

Churchmen are quoted as saying that the phenomenon is due to the sobering effect of the war on mankind. Some nonbeliever and cynic declares that hard times are responsible and that men go to church when they can't go anywhere else without paying for the privilege. But the fact is there, and also is elsewhere—in Philadelphia, where it would have been discoverable to some extent if the Tabernacle never had been erected. Moreover, there were signs of it before the war made its impress, and it wasn't consequent upon financial distress.

There has been a sobering, steady impulse, accentuated by these other factors, but having its place in the ordinary cycle of psychology rather than in extraordinary and external influences. It is the swing of the pendulum. Men and women add run the gamut of excesses and mad and tired and had come back to find quiet and relief. So a period of agitation breeds a desire which is almost a demand for rest. Many things, no doubt, conspired to help on this natural trend, the Titanic having a notable effect. New York's very furor of crime, which had its culmination in the Becker case, made men think. And when any of the vicissitudes of life really make men think, the church is the natural spot to which they turn.

### WILSON WALKS THROUGH BUSINESS SECTION OF CAPITAL.

Washington, Sept. 24.—President Wilson walked for more than an hour today through the business section of Washington. He went to a sporting goods store and bought some golf balls, and then continued strolling about the streets. He was recognized by a few people. He was accompanied by Colonel E. M. Hoot, his guest at the White house, and several secret service men.

### ROCKEFELLER, SR., IN TARRYTOWN.

Tarrytown, N. Y., Sept. 24.—John D. Rockefeller, Sr., arrived here today from Cleveland where he has been for several months.

Mr. Rockefeller appeared to be in excellent health and spirits. He posed for photographers before motoring to Pocantico Hills. He was accompanied by his grand daughter, Miss Madeline Prentice, and Miss Lucy Spellman.

### HOER IS FOUND GUILTY.

Danville, Ill., Sept. 24.—Alva Horst, whose trial for wife murder commenced last Monday, was today found guilty of murder by a jury in the circuit court and sentenced to Chester penitentiary for 25 years.

He shot and killed his wife September 16th, 1914, and was caught about one month ago in Virginia.

### KAISER THANKS HELFFERICH.

Amsterdam, via London, Sept. 24.—A despatch from Berlin states that Emperor William has sent a telegram to Dr. Karl Helfferich, secretary of the imperial treasury thanking him for the success of the third German war loan.

Mr. and Mrs. Charles Rataichak, Mr. and Mrs. Matthew Miller and Miss Minnie Fredlander attended the state fair Friday. They made the trip in Mr. Rataichak's Buick.

## SIGMA PI SOCIETY ENJOYS FIRST MEETING AND BANQUET

Enthusiastic Gathering of Members Hear Splendid List of Toasts at Colonial Inn Following Program at Hall.

Sigma Pi society met in their hall for the initial meeting of the year last night at 8 o'clock. A large number of visitors including freshmen, alumni and friends of the society more than filled the seating accommodations. A short, well-prepared literary program was given as follows:

Declaimer, "The Cask of Amantillado"—Poe.

Reader—Alford and Alexander.

Essays, "Friendship"—McLaughlin.

Extemporizer, "Salesmanship"—Frisbie.

After the program the following men were taken into the society:

Ralph Baker.

Allan Smith.

Earl Sooy.

Clyde Land.

Everett Whisler.

Banquet at Colonial Inn.

After the meeting at the hall adjournment was taken to Colonial Inn where a banquet was served. The menu provided was ample and of a good variety. Chairs were pushed back and President Bullard introduced Thomas H. Bucktorpe as toastmaster. There was a splendid sentiment which preceded the meeting and all of the toasts breathed a spirit of true loyalty to the society. The organization starts the year under most promising auspices. The large number of new men who were visitors of the society had a splendid opportunity to see what real Sigma Pi spirit and enthusiasm means.

The toasts follow:

Apple—"Sigma Pi From the standpoint of its active members."

Coch Harmon—"Looking Forward."

Ralph Baker—"Why I Joined Sigma Pi."

Paul Morrison—"Sigism."

Prof. T. P. Carter—"Stop, Look and Listen."

H. H. Bancroft—"Great Men of Sigma Pi."

### An Apothegm

This open door exposes to view  
The kind of meat that's here for you.  
Sheltered well from dust and heat,  
For nothing here is obsolete.  
And in buying meat there's this to  
consider  
That quality's not to be found in  
litter.  
Your health, and your family's—think  
of them.  
And you'll get the drift of this  
apothegm.  
The quality of meat you put in the pan,  
Is the uppermost thought of your

### PHI ALPHA SOCIETY IN FIRST MEETING OF YEAR

Program at Beecher Hall Followed by Feast at Peacock Inn.

The Phi Alpha society started off this year with a fine spirit and a degree of enthusiasm that betokens good work all the way through. Every seat in the hall was occupied and some were standing and the members were full of loyalty while the visitors imbibed much of the same spirit. President Bracewell was ill and unable to attend so Vice President Mangner presided with grace and dignity. The program was well rendered and showed careful preparation. It was as follows:

Essay, "Deforestation"—Gustafson.  
Declamation, "Nations and Humanity"—Mangner.  
Oration, "What is it all about"—Nesmith.  
Reading, "How Uncle Brewster Was Too Shifty for the Tempter"—Elliott.

Extemporary, "The I. C. Literary Society"—Irwin.

The following new members were voted in and signed the constitution: Lee Stein, Petersburg; Albert Lee, Jacksonville; Wm. B. Lewis, Granite City; Charles Huxell, Granite City; Elmer Gaylord, Granite City; Estell Wells, Girard; John H. Lee, Marion; Geo. W. Barrett, Daventon, Iowa; Charles C. Klausner, Shelbyville; Bryan Underwood, McLeansboro. At the love feast Morell decided to join and enrolled his name then and there. At the meeting, Dr. W. P. Duncan and Thomas Hopper were elected honorary members.

The love feast was one of the most enthusiastic in the history of the society. J. M. Butler served as toastmaster and performed his duties admirably. The feast was fine, well served and gave perfect satisfaction. The names of the speakers and their sentiments only are attempted:

Carl Robinson, "Phi Alpha and Its Founding"; Ralph I. Dunlap, "Phi Alpha Ideals"; George Watkins, "Phi Alpha Students"; Thomas Hopper, "Why I Am Here"; W. D. Wood, "The 70th Anniversary"; Wm. Goebel, "Phi Alpha Influence"; George Barrett, "The New Member"; Thos. D. Mangrum, "Another Chance"; Hugh Green, "Phi Alpha, Its Meaning"; Mellor, a visitor (who became a member on the spot). Dr. W. P. Duncan, "The Joy of Honorary Membership"; Potter, "The Field Agent"; T. W. Beadle, "Phi Alpha Fellowship"; S. W. Nichols, "The Unprejudiced View".

W. D. Wood reminded the gathering that if they would wait till after midnight they would then be assembling on the 70th anniversary of the organization of the society and they did so.

A message was ordered sent Dr. Jayne, first president, and to Ray Bracewell.

The meeting adjourned with the Phi Alpha song and three rousing cheers.

### ARENZVILLE BURGEO WAS SUCCESS AND LARGELY ATTENDED

Home Coming Under the Auspices of the Arenzville Concert Band Was Well Managed.

The Home Coming and annual burgo picnic at Arenzville, under the auspices of the Arenzville Concert band, was concluded Friday and during the entire time the attendance was large, many being present from surrounding towns. The committee in charge of the picnic was H. E. Weeks, L. R. Davidson and John Johnson. An address by County Supt. of Schools, W. E. Buck of Virginia, was a feature of the first day's program. After the speaking there was a vocal solo by Miss Effie Davis and a piano duet by Mrs. H. G. Weeks and Miss Maude Weeks. On Thursday the principal address was by Hon. William Groves of Petersburg. Miss Norma Davis was heard in a recitation and Miss Nina Rich gave a vocal solo.

The various contests held in connection with the picnic afforded much amusement to the crowd and among the prizes won were the following:

Ladies' foot race—Bernice McKey.  
Boys' race—Homer Dahman.

### CLUBWOMEN ASK

**MEN'S ADVICE.**  
Duluth, Minn., Sept. 24.—Prominent business men, attorneys and educators have been asked to discuss the problems of legislation in the interest of women and children, at the Minnesota Federation of Women's Clubs convention which is under way here. Today the discussion turns to legislation that will protect women and children, and the advice of men experienced in such matters has been asked.

### PRINTERS AT LOS ANGELES

Los Angeles, Sept. 24.—The United Typothet and Franklin Clubs of America met here today in annual convention. Many printers from the east and north are attending the convention. It is probable that the 1916 meeting will be in Cincinnati.

### GOMPERS MAKES PUBLIC LETTER DECLINING INVITATION TO SPEAK

Wrote to Gen. Wood Depreciating Any Tendency Toward Militarism.

Washington, Sept. 24.—Samuel Gompers, president of the American Federation of Labor made public today a letter he had written Major General Wood, declining an invitation to speak at the lattsburg, N. Y., citizens' training camp.

Mr. Gompers wrote that he realized nations could not disarm under present conditions and advocated a small standing army with opportunity for the masses of the people to prepare themselves for defense of the country. Depreciating any tendency toward militarism, however, he declared that the practice of requiring applicants for admission to military camps to file records of their professions or callings enabled the officers in charge to create and encourage un-democratic customs.

"You know, of course," he concluded, "that while the organized labor movement advocates peace, it advocates peace founded upon justice and not peace at any price. Our experience with the practical affairs of life has taught us that we can secure justice and recognition for our necessary demands only when we are prepared to protect our demands and to enforce our ideals of justice."

### DETECTIVES RENEW SEARCH FOR FORMER ASSOCIATES OF ACTRESS

MEMPHIS, Tenn., Sept. 24.—On the theory that jealousy prompted the killing of Marguerite Ravar, actress, and J. C. Crowell, Greenwood, Miss., businessman, in the woman's apartment here early Tuesday, detectives tonight renewed their search for former associates of the actress.

Louis Raber, dancing instructor, was questioned briefly tonight and remained at police headquarters for further examination tomorrow.

Instructions were received today from Los Angeles for the shipment of the woman's body to that city.

### PROFESSOR WOULD ENLARGE ALPHABET

Providence, R. I., Sept. 24.—Prof. Harry L. Koopman, librarian of the John Hay Library at Brown University, believes that with an extension of the English alphabet, so that every sound would be represented, and by elimination of silent letters from our written language, a saving of two years from the school life of our children could be made.

That these two years could be devoted to something useful and permanent, giving the child occupational training or higher education, and thus rendering a great service to the children of the poor whose years in the school-room are limited by economic necessity, is the further claim of Prof. Koopman.

Prof. Koopman points to the confusion in the present spelling of English words, due to the many shifts resorted to in order to make 23 usable letters do the work of 40. He recommends the formation of a brand new alphabet, each character representing a sound, distinct and invariable. "No person," says the professor, "is so learned that he can spell every word that he hears or pronounce every word that he sees. It is the business of writing to represent sounds, to translate speech into sight."

For the new alphabet, Prof. Koopman recommends that 17 of the present consonants could be well used, in conjunction with new ones. The new characters could be learned in one afternoon, he contends. The English language thus reconstructed would be simple not only for children, saving them time, effort and mental strain, but for foreigners to learn.

### CHIOANS PLAN LOOKOUT MOUNTAIN MONUMENT

Chattanooga, Tenn., Sept. 24.—Business as well as pleasure will be the portion of the Ohio General Assembly when it reaches Lookout Mountain today. The Ohio lawmakers will examine the monument erected here by New York, Iowa and Illinois and decide how much money the state of Ohio should spend for a battlefield monument to its hero dead. Ohio has appropriated \$20,000 for a monument here, but the solons believe such a small memorial would not compare favorably with the others.

### FARISH-BRODHEAD WEDDING.

St. Louis, Mo., Sept. 24.—Miss Dorothy Farish, a prominent society girl of this city, will be married tomorrow to John Brodhead of Detroit, Mich. Miss Farish is the daughter of Mr. and Mrs. John H. Farish, and is accounted a beauty. She will have her young sister, Miss Frances Farish, as maid of honor. The ceremony will be performed at 11 a. m. in the St. Louis New Cathedral. Following the church wedding a reception will be held in the Farish home.

### HEARING FOR OPIUM

**SMUGGLERS.**  
Boston, Sept. 24.—Accused of attempting to smuggle a large quantity of opium into the United States, Ever Edwards, carpenter, Lo Kee, a chief steward, on board the steamer Kish, and George Young, another Chinaman, will be given a hearing today. The opium is valued at \$10,000, and is the largest amount seized at this port at any one time.

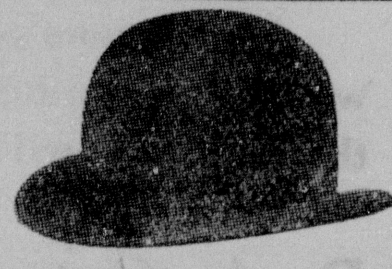

### COREY TO RETURN TO THE STEEL INDUSTRY

New York, Sept. 24.—William E. Corey, formerly president of the United States steel corporation, it was learned from an authoritative source tonight is to return to the steel industry and become the head of the re-organized Midvale Steel company. Percy Rockefeller, son of William Rockefeller, and nephew of John D. Rockefeller, and others well known in the financial world are to become associated with him.

### CITIZEN SOLDIERS GO THROUGH EIGHT HOURS OF HARD WORK

CHICAGO, Sept. 21.—The citizen soldiers at the civilian army camp at Fort Sheridan went through eight hours of hard work today. Beginning at 6 a. m., the professional and business men, accustomed to cozy office quarters, learned their first lesson in "the school of the soldier." How to stand erect, how to face about, mark time and march in squad company—and how to juggle that marvelous pack; these were the chief lessons which confronted the "rookies" today. Just before mess call tonight, Col. W. J. Nicholson, ordered "extra blankets for all."

New York state gained only seven percent in population during the past five years. During the previous five years, the state gained 12 1-2 percent.

CITY IS STIRRED  
BY ANNOUNCEMENT

Coover & Shreve to Have Exclusive Tanlac Agency and Benefits of "Master Medicine."

Nothing in recent years in Jacksonville has created so much favorable comment as the announcement that Tanlac the "Master Medicine," that is being introduced in many of the large American cities, will be distributed in this city, commencing today, through the drug store of Coover & Shreve.

Jacksonville is indeed fortunate to secure an exclusive agency for Tanlac, and to be one of the few towns in Illinois to derive the advantages of this excellent preparation.

W. B. McPherson, distributor for Tanlac in Illinois, in speaking of the distribution of Tanlac in Jacksonville said:

"It is always my custom to have but one thoroughly responsible and centrally located representative in each city, and in this connection will say, that no matter where you go in the North or East, you will always find the 'Tanalac Store' to be the leading and most reputable druggist in the town."

"Just such firms as Coover & Shreve are always anxious and willing to co-operate in promoting the sale of Tanlac, not only because of its superior merit, but because of the superior and valuable publicity which they receive from its enormous sale as well."

"Tanalac is a preparation of superior merit. No extravagant claims have been made in regard to the 'Master Medicine' as plainly demonstrated in the phenomenal sale which it has had wherever it has been sold."

"In the capital of this great state of Illinois, one retail druggist sold over the counter direct to consumers over six thousand bottles in a little less than sixty days. Anyone doubting this statement is at liberty to write to R. A. Carlson, 229 South Sixth street, Springfield, Ill."

Other interesting announcements will be made in tomorrow's papers regarding the Tanlac agency in this city.—(Adv.)

TRADE CURRENTS ARE RUNNING  
MORE FREELY THAN HERETOFORE

Remaining Obstacles to Progress Are Passing and Growth is of the Cumulative Type.

New York, Sept. 24.—Bradstreet's tomorrow will say:

"Trade currents are running more freely than heretofore, remaining obstacles to progress are passing; growth is of the cumulative type; sections somewhat pessimistic a while ago are now taking a brighter view of the future and international political and financial matters apparently have assumed more pleasant aspects, although negotiations for the huge British-French loan have not been entirely completed as yet. Three forces loom large in the week's expansion—cold weather, higher prices for cotton and foreign orders for munitions of war. The first named factor coupled with that of profitable figures for the south's chief staple, has brought out larger orders for cotton goods, blankets, flannels, underwear and heavy fall goods, while export trade keeps steel mills and machinery shops rushed to capacity. Incidentally road orders are better, stocks being light at most points and retail trade, dull early in the week owing to warm weather, later on enlivened as the result of lower temperatures."

Weekly bank clearings \$3,464,591,000.

## AUTOMOBILES

J. T. Cloyd and family came up to the city yesterday from Bluffs in their Ford car. Mr. Cloyd has recently completed a somewhat extended journey in the southern part of the state and among other interesting experiences was caught in the last heavy rain and had to plow seventy miles through mud and water but he made it all right. He has traveled 3400 miles with his car and has had practically no repairs on it.

J. W. Arnold and daughter ode to the city from the east part of the county yesterday in their White gas car.

Mr. and Mrs. Robert Etter and Mrs. Joseph Lombard all journeyed from Waverly to the city yesterday in Mr. Etter's new Hudson car.

A. L. Curry of Pisgah was in the city coming in that fine green roadster car.

Henry Williamson and friends rode to the city yesterday from Concord in Mr. Williamson's Ford car.

W. A. Brownlow and family came up from Chapin yesterday in their Studebaker car. The reporter supposed the car was brand new from its appearance and was surprised to learn it had been run 2993 miles and a part of that distance over muddy roads. Mr. Brownlow says he has a preparation with which he polishes the car every time he cleans it and it certainly works like a charm.

F. C. Brownlow and family made a trip from Chapin to the city yesterday in their Maxwell car.

W. O. Prather and family journeyed from Roodhouse to the city yesterday in their Maxwell car.

Sidney Moeller of Decatur drove from that city to Jacksonville yesterday in his father's Cole car. His father and sister Helen are expected here today for a visit with Mrs. Bullard, sister of the late Mrs. Moeller, nee Miss Nannie Ayers.

Mr. and Mrs. C. N. Priest and Jacob Claus and daughter Hazel rode to Springfield yesterday in their Ford car.

William Graves of the west part of the county made a trip to the city yesterday in his McFarlan 6 car.

T. B. Gordon of Lynnville made a trip to the city yesterday with his family in his Dodge car.

Samuel Farmer and family came down to the city yesterday from Berea in their Overland car.

T. L. Graves of the Liberty neighborhood made a trip to the city yesterday with his family in his McFarlan 6 car.

## U. OF I. SHARES IN DEFENSE PLANS

Organization is under way, at present, for a Battery of Field artillery of the National Guard of Illinois, to be composed entirely of undergraduates of the University, all of the officers (five in number) to be members of the faculty. As soon as the organization of the personnel of this battery can be completed, a full equipment of guns and thirty-two horses will be furnished by the state authorities. This equipment, exclusive of the horses, is valued at \$125,000.

The Military department, at the present time, consists of a Brigade of Infantry, consisting of two regiments of Infantry of twelve companies each. Also separate organizations as follows: Signal company, battery of artillery, engineer company and hospital company. There is also a band for each regiment, a reserve band and a trumpet and drum corps. It is believed, the registration for the coming year in the military department will be at least 2,400 men. Besides the above organizations there is Troop "B," First Illinois Cavalry of which the officers are members of the faculty or graduates and Civil service employees of the University. The enlisted personnel of the troop is comprised of 70 per cent undergraduate students.

## UNVEIL TABLET AT HARRISBURG

Harrisburg, Pa., Sept. 24.—A bronze tablet to mark the landing place of the old ferry operated when Harrisburg was known as Harris Ferry, will be unveiled today. It is placed on a large boulder in River Park by the State Historical commission. Rev. George P. Donehue, secretary of the commission, will make the principal address.

ACTIVE CAMPAIGN WILL BE  
WAGED AGAINST TUBERCULOSIS

Series of Conferences Arranged for Various States—New York and Illinois Led in Work Last Year.

The Autumn Conferences.

Sept. 27 to Oct. 1, at El Paso, the Southwest Health Conference, including Texas, Oklahoma, New Mexico, Arizona, California, Nevada, Utah and Colorado.

Sept. 29 to Oct. 1, at Indianapolis, the Mississippi Valley Conference embracing Ohio, Indiana, Illinois, Michigan, Wisconsin, Kentucky, Tennessee, Arkansas, Missouri, Ia., Minnesota, Kansas, Nebraska, So. Dakota, Montana, Wyoming and Colorado.

Oct. 8 and 9, at Columbia, S. C., the Southern Conference with Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, North Carolina, Tennessee, Virginia and West Virginia.

Oct. 22 and 23, at Springfield, Mass., the New England Conference. New Hampshire, Rhode Island, Maine, Massachusetts, Vermont and Connecticut.

Nov. 1, at Albany, N. Y., the North Atlantic Conference. New York, Pennsylvania, New Jersey, Maryland, Delaware and the District of Columbia.

New York, Sept. 24.—The fall campaign against tuberculosis in the United States will begin next week, when two big conferences of experts will be held. At Indianapolis, Ind., and El Paso, Texas, the leaders in the great warfare against the White Plague will gather for conferences where reports, plans and aims in the long up-hill battle will be discussed.

At the five sectional conferences that will be held this fall, nearly every state will be represented, and it is estimated that more than 100,000 persons are directly interested in the tuberculosis fight in this country.

More than \$20,000,000 was spent last year in the campaign against tuberculosis in the United States. New York state alone spent over five millions, Illinois was next in line with \$2,325,000, Pennsylvania expended over two millions, Massachusetts over a million and a half, and Colorado was fifth with an expenditure of \$838,000.

The burden of institutional care of the consumptive is being shifted from the private purse to the general public purse, according to statistics compiled by the National Association for the Study and Prevention of Tuberculosis. Of the twenty millions spent during 1914, 66.8 per cent was derived from the public funds, either federal, state, county or municipal, as compared with 53 per cent in 1909. For institutional care and treatment in hospitals and sanatoria, approximately \$17,300,000 was expended in 1914, the other three million being devoted to the operation of anti-tuberculosis associations, the open air movement, and educating the public to the extent of the disease.

That for every tuberculosis death ten more people are infected, is the statement of Dr. Halliday Sutherland of the St. Maryebone Tuberculosis Dispensary, speaking last December at the Edinburgh Congress of the Royal Institute of Public Health. Dr. Sutherland characterized the situation as "a story of human folly and of man's cruelty to man." Dr. Sutherland continued: "The turbid stream of infection 'flows through the highways and byways of our cities. Infection passes from man to man, from husband to wife and from parent to child." The eminent physician carried the picture further by showing how the man once infected is handicapped in the economic struggle. He is readily tired and seeks an easier, less well-paid occupation. There is less money and less food, the infected woman is less able to look after her home and children. So they go to the slums, and find the overcrowding, the unsanitary surroundings, the closed window, the cheapest food in the poorest market—all influences that are best fitted to fan the disease.

"Thirty per cent of our English school children," said Dr. Sutherland "show the disease in its seedling stage. Sixty per cent of the adult population have been affected."

The saving factor that experience has evolved, says Dr. Sutherland, is the tuberculosis dispensary, providing for treatment in every stage of the disease. The early cases do not and will not seek advice, so the specialist follows the known case to the home. The contacts are examined and the disease fought. This home is recreated. Even the meanness of houses can have the window open, the walls painted instead of papered, the filthy carpet and hangings removed.

Another interesting phase of tuberculosis fight in Europe is the statement of Prof. Landouzy, dean of the Paris Faculty of Medicine, who forecasts that the war will contribute at least 20,000 tuberculosis patients to France alone. Contrary to the popular belief that the hardships of campaigning strengthened men, Prof. Landouzy shows how the terrific fatigue which soldiers on the firing line must endure leaves its permanent marks.

Misses Elizabeth and Lucy Sturtevant of Kushla, Alabama, are in the city the guests of Mrs. James I. Barrows, 711 West College street. The ladies are daughters of the late Dr. J. M. Sturtevant, president of Illinois College and have a great many friends who will be glad to see them.

## JOURNALISM AT THE UNIVERSITY OF ILLINOIS.

New courses in journalism will be introduced at the University of Illinois. The University has provided "local" rooms adequately equipped with type-writers, copy-desks, newspaper files, library facilities, and the like, which will reproduce the atmosphere and furnishings of a real newspaper office. It is to be a writing laboratory for students who wish to train themselves to become reporters/departmental editors, copy writers, and make-up men. Every phase of newspaper production from the "copy" to the printed sheet will be given practical exposition here. These new laboratory courses which are additional to the work already offered, will be taught by Mr. H. F. Harrington, an experienced reporter, editor, and instructor in the theory and practice of journalism.

Free-for-all trot—Exall, first; May Mack, second; Belford Bell, third. Best time—2:07 3/4.

2:13 pace—Shipmaster, first; The Counterpart, second; Strathell, third. Best time—2:05 1/4.

DREAMS REALIZED.

We all have dreams when we are young, sweet dreams of future splendor; we see upon our pathway fang all kinds of legal tender; we see ourselves achieve a fame that spreads from Troy to Goshen, so all the people make our name with fervor and emotion. Then some of us sit down and wait the vision's sweet fulfilling, depending on a kindly fate to help us make a killing. We wait till we are weak and old, for Fortune's kindly token; we wait till we are green with mold, and all our dreams are broken. Our hearts are filled with bleak despair when wintry age approaches, and to the poorhouse we repair, to weep and wail the roaches. And some have dreams of gorgeous hue, fine dreams of coming glory. "We'll make those dreams," they say, "come true, before we're old and hoary."

With willing feet and eager hands they're chasing Fortune always, while t'other dreamer idly stands, or sits and chews his gawdaws. Oh, dreams are fine if you have spunk to follow up the vision, but all those dreams are simply bunk which bring free gifts cyslan.

MYRTHFUL AND FRISCO  
RACE SIX HEAT DUEL

MURPHY MARE HAS THE MOST ENDURANCE.

Captures 2:10 Class Pace—Rastus Wins 2:06 Class Pacing Event—2:09 Class Trot Is Unfinished.

Columbus, Ohio, Sept. 24.—To each of the three class races carded for the fifth day of the Columbus Grand circuit racing, there was something out of the ordinary. The program itself was not completed, Myrthful and St. Frisco making it long with a six heat trotting battle.

Tomorrow the 2:18 pace will be finished and there will be consolation races for 2:11 pacers and 2:15 trotters.

Rastus, favorite, won the 2:06 pace after the first heat had gone to John D. Driver Osborne was taken down for the fourth heat and John D. put in charge of J. W. Rhodes.

For most of the mile the substitute driver rode in front but John D. showed himself weary when the last quarter was half over.

St. Frisco was the first choice for the 2:09 trot, Vaster making his second start of the week, won the first heat and then the race became a duel between Myrthful and St. Frisco. The Murphy mare made a costly break in the third heat and was out trotted in the next one. She had the most endurance, winning the fifth without trouble and virtually setting the race by going the first half of the sixth mile in 1:03.

Her jogging finish prevented both St. Frisco and Vaster from being shutout.

Virginia Brooks was the original favorite in the 2:18 pace, the first heat of which went to Budd Elliott in slow time.

Before the first turn had been made Thistle Patch stuck a foot into a wheel of Red Mike's sulky but got it out without falling. A few seconds later Miss Rejesta fell and Driver Yates was thrown to the track. He was stunned by the fall and seriously injured. All horses were placed. In the next two heats Thistle Patch and Red Mike took turns in winning.

Late tonight it developed that Driver Yates' right foot had been so badly crushed as a result of his fall that amputation was necessary. Physicians believe he may be internally injured.

## PASSAVANT HOSPITAL.

Preparations to Begin for the Coming Campaign.

The time for the great campaign in behalf of Passavant hospital draws near and the management of the institution mean to have all possible done to make it a success. To that end an important meeting of the trustees of the hospital is to be held at the institution next Thursday night at 7:30 and long time notice is given in the hope that all the ministers and all the trustees from the various churches will be present.

All acquainted with the hospital well know the great need of the institution for better buildings and increased facilities for carrying on the all important work which is constantly growing. The urgent need of a hospital for the benefit of suffering humanity is too well known to need any comment and it is the hope of the management that a wide spread and generous response to the coming appeal will be given. Let every minister and trustee be present at the meeting Thursday evening.

NEW JEFFRIES BOYS BAND.

The boys who have signed up for the new band are a fine looking lot of little fellows, and Mr. Jeffries is banking on some splendid musical results from their course of study in this delightful manner. Mothers of boys between 8 and 13 should phone Mr. Jeffries and ask for an interview.

The band is almost ready for the instruments and they will, in all probability, be sent for next week.

## BROWNS STOP RED SOX STRING OF VICTORIES

OUTPLAY LEAGUE LEADERS AT EVERY STAGE.

Game is a Contest of Heavy Hitting in Which St. Louis Knocks Earth off Mound in Third and Pile Up Seven Runs off Gregg in Seventh.

Poston, Sept. 24.—The Red Sox string of successes stopped at seven when St. Louis outplayed the league leaders at every stage today and won. Three times previously this season Boston has won seven straight games only to lose the eighth. It was a contest of heavy hitting in which the Browns batted Ruth from the box in the third inning and piled up seven runs off Gregg in the seventh. Koob held the Red Sox runners until the last inning although Boston had several opportunities to score.

## WORLD'S MARKET NEWS

### SIGNS OF LARGE EXPORT DEMAND STRENGTHEN WHEAT MARKET

Price Gains Are Chiefly in December and May Options—Market as a Whole Closes Strong.

Chicago, Sept. 24.—Signs of large export demand had a strengthening effect today on wheat but price gains were chiefly in the December and May options, September being relatively easy owing to removal of conditions which had threatened to make immediate deliveries a hard task. The market as a whole closed strong 1/2 to 1 1/4 net higher with December at 95 1/2 and May at 97 1/2.

Other leading staples too, all showed an advance—corn 1/2 to 3/4; oats 3/4 to 1/2 and provisions 5/8 to 3/4.

One of the leading firms here progressed to have trustworthy information that huge amounts of flour and wheat to go to Europe were to be contracted for on this side of the Atlantic and that prices were likely to remain strong for a long time to come. Gossip of a big purchase of Canadian wheat for ocean shipment tended to confirm the bullish opinions that resulted and so also did a late announcement of some export business having been done in Chicago. Wet weather on the spring wheat states and in Canada, with predictions of additional rain formed another influence against the bears. During the first part of the day, however, the market was inclined to sag, especially the September option, owing to a decision that No. 1 velvet chaff would be acceptable here on time contracts although subject to a penalty if not clean.

Some increase in the movement of winter wheat was noted, Kansas City receipts exceeding last year for the first time this season. On the other hand, shipments from Kansas City were in excess of receipts and it was the opinion of a majority of dealers here that winter wheat would continue to move only in dribbles.

In Kansas, Oklahoma and Nebraska it was reported not more than forty per cent of their wheat had yet been threshed.  
Corn wound up higher mainly on account of demand induced by the advance in wheat. Unsettled weather and the comparative smallness of the stock on hand here were further elements of strength. Shorts in oats covered freely. Country offerings were small and shipping demand rather active.

## THIRTY-FIFTH ANNIVERSARY CASH SALE

From Saturday, September 25th, to Saturday, October 2nd, Inclusive.

September 25th marks the beginning of our 35th year in business. Looking back over these years, it is gratifying to credit our growth, in part at least, to our constant endeavor to treat patrons fairly at all times. It is our belief that a store merits trade in the proportion that it better serves the people—and we accept the patronage of our loyal customers as a hearty endorsement of our store policy. On the 35th anniversary of our first sale day we want to express our appreciation to the many customers who have made it possible for us to steadily progress in our service to the community. Every department is ready for this event. The jobbing houses of New York, Chicago, St. Louis, Philadelphia and Boston, are in touch with us in this great yearly event and you will find startling price reductions from basement to third floor.

This year it is our ambition to make the occasion surpass all preceding ones from the standpoint of both pleasure and profit, for our many customers and friends. We count among today's regular customers many who have traded at this store since our first year in business. We are grateful for this loyalty, and Anniversary week affords a good time for us to show this appreciation. To give every one the benefit of the values that we intend to offer we have decided to have each day of this sale devoted especially to certain stocks. In this way every department of our store will be represented by special prices and uniformly low prices will prevail in each department throughout the days of the sale. **Be sure and bring the cash.**

## STREET RAILWAY READY TO IMPROVE SOUTH MAIN LINE

Will Put In New Rails and Ties as Pavement Is Laid—Switch to State Hospital May Be Built.

It was announced yesterday by Supt. W. B. Miser of the Jacksonville Railway & Light company that arrangements have been made for the material necessary to re-lay the company's track in connection with the South Main street pavement from Morton to Michigan avenue. The engineer's estimate of the cost of paving between the company's rails and eighteen inches on each side was \$5,001, and the additional expenditure for new rails, ties and labor will be a large sum. Altogether the improvement will be costly for the railway company but arrangements have been made for the material and the money, and the track and roadbed will be in fine condition when the work is concluded.

Myor Rodgers was talking with Supt. Miser about the matter yesterday and the latter stated that the question of making switch connections for Jacksonville state hospital at this time was one for the railroads and the board of administration to settle. If the proposed plan of hauling coal for the Jacksonville state hospital and other state institutions could be brought to a realization, the revenue accruing to the railway for their part of the service would be helpful in their business, but the greatest benefit would accrue to the people of Jacksonville in the saving in the wear and tear on street pavements. Now that so much street paving is in prospect for this year and next, the matter becomes one of vital importance, for certainly the coal wagons used in hauling coal to the state institutions, as well as to the light company plant, have done much to put the street pavements into their present bad condition.

The public will look with favor on the announcement made by the railway company of their intention to co-operate with the improvement work on South Main street and not to block the matter in any way. The work of hauling material on South Main street for the rebuilding of the roadbed was begun yesterday and it is now certain that the whole paving job can be pushed forward to a rapid completion. It is the intention of the board of local improvement to proceed at once with the other formalities in connection with the remainder of the South Main street paving. It is possible that it may be too late in the season when the contract is let for all the work to be done this fall, but if this is the case the preparations will be left in such shape that work can be commenced immediately with the coming of settled weather in the spring.

## FORMER MORGAN COUNTY SCHOOL TEACHER IS DEAD

Julius A. Sanders Passes Away at His Late Home in Savannah, Mo.

Word has been received in the city of the death and burial of Julius A. Sanders, a former well-known school teacher of Morgan county. He died at the family residence in Savannah, Mo., Sept. 12.

Mr. Sanders was born in Vermont in 1834 where he received his education. He moved to Jacksonville in 1854 and for fifteen years he was a teacher in the public schools here. When he taught at Blue Grass Academy J. T. Osborne was one of his pupils. While teacher at the Shuff school, Irvin Stevenson was a pupil, and at Liberty school he had as a pupil Samuel W. Dunlap.

In 1864 he was elected Captain of Company C, 28th Illinois Infantry, and was commissioned as such by Governor Yates early in the year. Sickness and general failure of health prevented him from active field service. Soon after the war closed he moved to Savannah, Mo., where he began the practice of law. In 1871 he was appointed sheriff and collector, filling out the unexpired term of Robert Conover. For five consecutive times he was elected states attorney. In 1888 he was chosen a delegate to the Republican convention in Chicago. Mr. Sanders was an eloquent speaker and his interest in politics gave him a wide opportunity to use his talents along this line. Those of his friends in Morgan county will ever remember him as a man of unusual ability and attainments.

## MORTUARY

### Hackman.

Mrs. Marie Schweer Hackman died Friday afternoon at 1:30 o'clock at the family residence five miles south of Virginia, after a brief illness at the age of 29 years. She was born near Wagoner's Bridge, August 16, 1886 and had practically spent her entire life in Cass county. She was a daughter of Mr. and Mrs. John Schweer. She was married to Orville Hackman, who survives her, two children, her parents and one sister, Miss Velma Schweer. She was a member of the Lutheran church.

### Moody.

Mrs. John Moody died at the family home seven miles northeast of the city Friday morning at 5:15 o'clock. She had been ill for over four years. Deceased was born in Morgan county, July 14, 1862. She was united in marriage to John Moody November 15, 1882. To this union three children were born, one of whom Ida May Moody, preceded her in death. There survive her husband, two sons, Elmer and Reat Moody, both residing northeast of the city. Two grandchildren, Loren, son of Elmer Moody and Elizabeth Irene, daughter of Reat Moody and three sons, Minerva, Rispa and Jennie Allison and two uncles, John and William Allison also survive.

Mrs. Moody was for over thirty years a faithful member of the M. E. church. Funeral services will be held from Hebron church Sunday morning at 10 o'clock and interment will be in Hebron cemetery.

### Renwick.

S. O. Barr and family were yesterday notified by wire of the death of Mrs. C. A. Renwick at her home at Grand Rapids, Mich. Mrs. Renwick had been seriously ill for a number of weeks and her death was not unexpected. The deceased was known to a number of Jacksonville people, especially those who have in times past spent a portion of the summer at Omena, Mich. She was a woman of such character and disposition that she invariably made a lasting impression upon those with whom she was associated. Mrs. Renwick is survived by one daughter and three sons, one of whom is Foster Renwick, whose wife was Miss Helen Barr.

### Marshall.

Joeb Marshall, aged 73 years, died at Maplewood sanatorium Friday evening at 9 o'clock. He was a resident of Vermont, Ill. The remains were removed to Reynolds' undertaking establishment and prepared for shipment and will be sent to Vermont for burial.

## WITH THE SICK.

Mrs. Charles L. Beerup of Franklin was brought to Our Savior's hospital Friday by Dr. J. K. Elder in his auto. Mrs. Beerup is thought to be in a serious condition and her physician deemed it advisable that she be brought to the hospital for treatment and nursing.

Harold Wright who has been at Dr. Day's hospital for the past six weeks where he underwent an operation for appendicitis, has recovered sufficiently to be taken to his home, 916 Clay avenue.

Mrs. James Smith of South East is able to be about after an illness of several days.

Miss Madeline Dams of the high school is ill at her home on Jordan street.

Mrs. Laura Brown of South Kosciusko street is ill and it is feared she is threatened with typhoid fever.

Troy Massey, who has been ill of typhoid fever for two weeks is reported better.

Mrs. Leora Rawlings, who has been recently confined to Passavant hospital, has sufficiently recovered to go to the home of her mother, Mrs. George Gilbert, west of the city.

Frank Wiggins, of the southeast part of the county was among the business men in the city yesterday.

### OVERLOADED COAL WAGONS DAMAGE STREET PAVEMENTS

Lumps Fall Off and Cause Annoyance to Vehicles and Loss to Purchasers—Mayor Calls Attention to Bad Practice.

Overloaded coal wagons that spoil lumps of coal along the city highways cause damage to pavements and annoyance to drivers of vehicles. Mayor H. J. Rodgers has determined to ask coal dealers and haulers to haul loads of such size that it will be certain that no coal will be lost in transit. Consumers will appreciate this action, whether or not they consider the damage done to the streets and the annoyance caused to vehicle drivers, for coal which falls from the wagons has been weighed by the dealer and is charged to the consumers. It is likely if the request of the mayor in this matter is disregarded that action will be taken making it unlawful to haul a load of such size that lumps fall off.

So many of the street pavements are rough that it is practically impossible to haul a load of a hundred bushels of coal without jarring pieces loose. Aside from this advantage of lighter loads, there is a tendency on the part of haulers to demand too much from the teams that carry drive, and occasionally cases are reported where drivers are manifestly cruel to horses in requiring such heavy work. A little co-operative care on the part of the coal dealers and their employees will remedy the whole trouble.

**HAVE LEASED HOME.**  
T. H. Buckthorpe yesterday, acting as agent for ex-governor Richard Yates, yesterday rented the Yates property on West State street to Rev. F. B. Madden, new pastor of Grace church. Some extensive betterments are to be made in the property before Rev. Mr. Madden and family take possession, and it will probably be two weeks before they are settled in their new home. Mr. Madden has undertaken the work of his ministry, and Mrs. Madden will not come until latter.

### FRIEND WILL AID IN IMPROVEMENT AT I. W. C.

Dr. Harker Makes Announcement of Offer Towards Equipment of Gymnasium Friday Forenoon.

A friend of Illinois Woman's college who for the present wishes to withhold identity, has offered substantial aid in the fitting out of a modern gymnasium, an improvement which has long been in prospect at the college and which will be a welcome addition to the present buildings. Following is the text of the offer as read by Dr. Harker at the regular chapel exercise Friday forenoon: "Whenever you get ready to build a gymnasium, I will put in a tiled swimming pool, fit it up with all modern accessories, with heater and filter complete in every detail." The announcement was greeted with hearty applause on the part of the students. Though several thousand dollars will be needed to erect the gymnasium building, it is apparent that the plans for securing such an improvement are set forward considerably.

### NEW LIGHTS AT THE SCHOOL FOR BLIND.

The installation of boulevard lights along the East State street front at the School for the Blind will soon be an accomplished reality, as the erection of the brick column upon which the iron posts are to rest is underway. There are to be twelve lights, one on each side of the line entrance gates to the grounds and one at the east and front corners of the yard. The pillars are of what are known as "mat brick," and are of a brown color and were made in Danville. The brick work is 22x22 inches in dimension and five feet in height. Upon the stone coping above the brick will be placed an iron column five feet in length and to this the electric bulb will be attached. The brick laying is in the hands of W. L. Brown, who is an experienced artisan in the laying of brick and the columns present a very attractive appearance. The lights with the holders will add much to the appearance of the grounds and front of the institution and will be greatly appreciated by the residents in the vicinity of the school.
